

Break Down

Words and Music by Mary Michelle Brown, Loren Jay Gough, and William Thomas Landrith (c) 2013

You don't know my name
But you know my face
Every Saturday
I'm in this place

I hear people say
When I walk your way
Ain't it a shame
You're mine again

They best be gettin' out of my way
Lead me to the floor – let's rock this place

We got to break down
We got to get down
We got to shake down
'Cause when the music's loud you can't keep me down

You drive me insane
When you dance that way
I can't refrain
There ain't no way
You're causin' a flame
When you shake that thang

I love where Cupid's arrow is aimed
Lead me to the floor – let's rock this place

We got to break down
We got to get down
We got to shake down
'Cause when the music's loud you can't keep me down
